aiShell™ mini+

The aiShell™ cases for iPads from Apple are reliable industrial enclosures, which can of course also be used for private use. They are waterproof and shock-resistant. Virtually all functions, e.g. Buttons and cameras can also be used from the outside. The only housing system with charging function under water. The iPad is nevertheless to be inserted within seconds and can also be taken again. The ergonomically shaped back makes the case much safer in the hand than other products.
