J-Arm suitable for MINI-14

Order-No.: 120409

The MINI-14 J-Arm with NVG Interface Shoe provides a durable connection for mounting an MINI-14 to a Norotos Helmet Interface Mount.

It can be easily mounted and dismantled from the MINI-14-Goggle by means of a thumb screw, and allows the operator to select the height and angle for comfort with the ability to make fine adjustments to the Arm to customize the position of the Night Vision Goggle for proper eye position and relief.
